Re: Dutka, et als.: WATER POWERED WASHING AND RINSING
DEVICE, App. No. 10/032,426, filed 12-31-01

Dear Examiner Stinson:

Enclosed is a response to the election requirement that
you set in your Office Action March 24, 2004.

We have chosen the generic invention as shown in Fig. 1,
although we believe that the other embodiments are sufficiently
obvious to a person of ordinary skill in the art to reasonably
be considered part of the claimed invention.

We also submit a number of amendments to the Specification
and one amendment to a claim, in order to make the application
more easily understood. These amendments are submitted for
clarification purposes only, and do not include any new matter.

Thank you for your consideration.

Yours very sincerely,

DAVID PETER ALAN
